

Reserve at Gold Hill

Communications

Welcome to The Reserve at Gold Hill. We wanted to take a moment to familiarize you with all the ways you can stay connected to neighborhood information and events.

Website

Our community website has a lot of great information and resources. Be sure to save this web address to your favorites and check regularly for updates.

www.reserveatgoldhill.com

You will find a calendar of events, information about community committees and volunteer opportunities as well as important documents and forms.

Emails

We periodically send out emails to residents. Sometimes the emails are about community events, and other times they include important alerts. To make sure you get these important emails, please make sure that you access our online directory and keep your information up to date. If you are concerned with privacy, you can make your information private and only allow emails to be sent to this address, but not have the information published online.

Once you have registered with the online directory, please make sure your email system is set to accept emails from one of the below email addresses as they sometimes get sent to Junk or Spam folders.

Board@reserveatgoldhill.com

Social@reserveatgoldhill.com

Grounds@reserveatgoldhill.com

Amenities@reserveatgoldhill.com

Bulletin Boards

There are two bulletin boards in our community that are updated with community information. One board is attached to the side of the clubhouse and the other is at the Gold Hill entrance on the right hand side as you are leaving the neighborhood.

Facebook

Friends of the Reserve is a Facebook page dedicated to residents. While it is NOT sponsored by the Homeowner's Association, we do make sure announcements and reminders are posted here as well. The site is managed by a current resident and is a great place to share information and ideas or ask for information.

Directory

A directory of our residents can be found on our website. Once you access our website, on the home page, at the top, Click on the Directory menu item. From there you will be taken to the login page. If you have never logged in, click the Register button to obtain a password. Please keep you information up to date as we use the entries from the directory for the emails. Also, remember that even though you may want to keep your information private, you can do that by clicking the Private button and then your information will only be shared for purposes of community emails.
